

ONLINE BUILDING INFORMATION

A NEW **VIEW** ON BUILDING INFORMATION.

View transforms O&M with a data-driven system that makes gathering and accessing building record information smarter than ever - digital handover, done properly.

WHY VIEW

O&M, REIMAGINED.

01 / STATIC PDFS

Manuals locked in static PDFs

Thousand-page O&M manuals nobody can search. View organises building information in a powerful, dynamic, data-driven format - far beyond the limitations of a static PDF.

02 / HANDOVER

Chasing suppliers at handover

Stop chasing O&M information by email. Suppliers securely log in and submit their own information, supported by comprehensive auditing features and automated reminders.

03 / ACCESS

Clients drowning in manuals

The Client Area delivers exactly what clients need, when they need it - no more searching through entire manuals for the information they need.

04 / VERSIONS

Revision chaos

View always displays the latest document revision while maintaining the complete revision history - a single source of truth, fully audit-ready.

05 / GOLDEN THREAD

Broken building records

Structured asset and document management supports the golden thread of building information, from handover through the whole building lifecycle.

06 / DELIVERABLES

Handover still needs PDFs

Automatically generate PDF copies for individual suppliers or complete project O&M handovers - at the press of a button.

TRUSTED BY AXA IM · LSE · LAZARI · T ROWE PRICE

CAPABILITIES

FROM HANDOVER TO HAND-BACK.

INFORMATION

Data-driven information

Building information in a powerful, dynamic format far beyond the limitations of a static PDF.

SUPPLIER AREA

Supplier self-service

Invite suppliers to securely log in and submit their O&M information, with comprehensive auditing.

CLIENT AREA

Smarter client access

Clients get exactly what they need without searching through entire manuals.

ASSETS

Asset management

Efficiently manage assets and their related documents to support future project delivery.

AUDIT

Full audit history

Always the latest revision on display, with full access to the complete revision history.

PDF PRINT

One-click handover packs

Automatically generate PDF copies per supplier or for complete project O&M handovers.

TRUST & SECURITY

SECURE & RELIABLE.

ISO 27001

Certified hosting

Hosted in ISO 27001 certified servers with enterprise-grade infrastructure with 99.9% uptime.

TLS 1.2+

Encrypted in transit

All data protected with modern cipher suites.

BACKUPS

Daily & encrypted

Automatic daily backups and encrypted restores.

GDPR

24/7 monitoring

Proactive issue detection. Your data always remains yours.

"Nothing's too much trouble for Liaison, it's rare to find a company that will go the extra mile but every time we've asked, they have always delivered. We need to have access to critical operational documentation 24/7, with Liaison that's more than simple."
